## HydroDynamics: Robotics & Lego Camp

Imagine it, engineer it and make it go! Learn all about water - where it comes from, how we use it, transport it, and conserve it. Campers will design, test and program Lego robots to solve real world problems related to the water cycle.

**July 23 - July 27**
**9:00am to 1:30pm**
**Ages 10-14 * $120**

## Junior Oxbow Scientist Camp

Even the youngest citizens can become scientists at this exciting camp! Explore the fascinating world of science, technology, engineering and art with fun experiments, games, activities and art projects.

**July 23 - July 27**
**2:30pm to 5:30pm**
**Ages 6 - 9 * $125**

## Register Now !

Don't let your child miss the chance for a unique experience that she or he will never forget! Space is limited at Oxbow camps to ensure that each student has the best experience possible while learning about science and nature, making new friends, and most of all - having FUN!

***Visit***

Oxbow Eco-Center — A St. Lucie County Environmental Learning Center

St. Lucie County Florida

## Why Oxbow Summer Camps?

- Hands-on science, games and art
- Outdoor activities and exploration
- Mature, experienced instructors
- Small group sizes
- Safe, inclusive atmosphere
- Build confidence and learn new skills
- Make new friends
- Have FUN

## Archery Adventure Camp

Ready, Aim, Release! Archery builds strength, endurance and mental focus all while having fun. Campers will gain fundamental archery skills, play exciting games and learn how archery can contribute to conservation.

**June 4 - June 8**

**9:00am to 3:00pm**

**Ages 10-15 * $175**

## BioEyes Camp

At BioEyes Camp, kids become real scientists as they observe and breed live zebrafish, then raise the embryos until they hatch out as clear, free-swimming larvae. Campers will learn about the zebrafish life cycle and observe beating hearts and other organs under microscopes!

**June 11- June 15**

**9:00am-12:00pm**

**Ages 7-9 * $175**

## Spirit of Nature Camp

The excitement of scientific discovery and the fun of creative expression are combined in this new Spirit of Nature camp. Participants will explore the habitats of the Oxbow and use artistic activities to see nature in new ways.

**July 9 - July 13**

**9:00am to 3:00pm**

**Ages 10-12 * $125**

## Nature Connects: Robotics & Lego Camp

This fun, hands-on technology and nature-based camp introduces the most ingenious engineer of all time - Mother Nature! Participants will build and explore clever robot models of different creations using Lego bricks.

**July 16 - July 20**

**9:00am to 1:30pm**

**Ages 6-9 * $120**

## Magnify Your Curiosity Camp

Get up-close and personal with life in a water-drop, look at plant cells or see how a spider's web captures bugs. Explore the microscopic world with a Foldscope, the amazing origami micro-scope. Each camp participant will take home their own personal Foldscope microscope kit!

**July 16 - July 20**

**2:30pm to 5:30pm**

**Ages 9-13 * $175**
