

PLUMBING NON-CONTRACTOR

DESCRIPTION:

A plumbing non-contractor's license is for those plumbers who demonstrate suitable knowledge and experience to perform work in the plumbing trades while employed or supervised by a Plumbing Contractor who have taken and passed the Master Plumber Block Exam, but who, by their own choice, do not wish to meet the full requirements of a Contractor. Plumbing construction or building permits may only be issued to a licensed Plumbing Contractor, a General Contractor, a Building Contractor or a Residential Contractor. Reclassification from a lawfully issued and currently valid Plumbing Non-Contractor license to a Plumbing Contractor license is possible, without taking the Block Exam a second time, by meeting the proper requirements of the Plumbing Contractor.

EDUCATION AND EXPERIENCE REQUIREMENTS:

All applicants for a St. Lucie County Plumbing Non-Contractors license shall provide written proof of having four **(4) years** field experience, including two (2) years supervisory experience, under the supervision and control of a licensed plumbing contractor.

All applicants for a St. Lucie County Plumbing Non-Contractors license must pass, with a **70%**.

A St. Lucie County Plumbing Non-Contractor license **is not** authorized to apply for or receive plumbing construction or building permits. Plumbing construction or building permits may only be issued to a licensed Plumbing Contractor, a General Contractor, a Building Contractor or a Residential Contractor.

APPLICATION AND REQUIRED FEES:

Applications for St. Lucie County Plumbing Non-Contractor's license must be filed with the required, non-refundable fee of **\$50**.
