

Oleander Avenue Sidewalk Improvement Project – Midway Road to S. Market Avenue St. Lucie County, Florida

St. Lucie County Project Number 15500
FDOT Financial Management Number 441566-1-58-01

St. Lucie County, through the utilization of Florida Department of Transportation Local Agency Program (LAP) funding, is proposing to expand the sidewalk network along Oleander Avenue between Midway Road and S. Market Avenue. This project consists of constructing a 6-foot-wide sidewalk along the east side of Oleander Avenue to be located within the existing County right-of-way. Accompanying improvements, within the project limits, will consist of re-grading the roadside swale and installation of roadside culverts to improve stormwater collection and conveyance, reconstructing existing driveways connecting to Oleander Avenue and enhanced signing and pavement markings to compliment the proposed sidewalk improvements.

Should the community have any questions relative to the improvements, please contact the County Project Manager Selena Griffett, P.E. at 772-462-2153 or email at GriffettS@stlucieco.org.
